July 31, 2020

Dear Sisters and Brothers,

I know you are tired of receiving letters of direction from me. I hope this is the last for 2020, but I have hoped that every time I have written one.

Again, I still hope you are able to remain healthy during this time. Yes, I know masks are hard to wear during the summer, especially, but they may save lives, so wear them!

We are able to hold initiation for **two (2)** candidates. Deputies and secretaries have this information.

I am allowing food in the chapter setting again, BUT with restrictions. Only one person should serve, and all should wear masks. Social distance, and don't share food. Please, please, be careful. This is against my best judgment, but so many of you want to do this.

Again, please do not invite too many people so that you can't social distance. I still feel that Friendship Nights and Honor Nights will encourage more people than need to be gathered in one place. Some of our chapters are small, and I can't open some without opening all of them.

Thank you for your well wishes during this time. I appreciate them so much.

Stay safe!

Star Love,

Sherri Hodges

Sherri Hodges
